Claim 1 is allowed because the art of record, considered alone or in combination, neither anticipates nor renders obvious a microparticle production method comprising the step of: *illuminating a laser light of predetermined wavelength onto the to-be treated liquid to microparticulate the substance into the solvent at the same time as irradiating ultrasonic waves onto the to-be treated liquid to prevent aggregation of the microparticles with each other*, in combination with the rest of the claimed limitations.

Claim 8 is allowed because the art of record, considered alone or in combination, neither anticipates nor renders obvious a microparticle production apparatus that photo-pulverizes a substance in a solvent of a to-be treated liquid to produce microparticles of the substance, the microparticle production apparatus comprising:... *a laser light source, illuminating a laser light*

*of a predetermined wavelength, for microparticulating the substance in the solvent, onto the to-be-treated liquid contained in the treatment chamber; an ultrasonic wave irradiating means, irradiating ultrasonic waves, for preventing aggregation of the microparticles with each other, onto the to-be-treated liquid; and a controlling means, said controlling means is configured to illuminate the laser light onto the to-be-treated liquid by the laser light source at the same time as irradiating the ultrasonic waves by the ultrasonic wave irradiating means onto the to-be treated liquid, in combination with the rest of the claimed limitations.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
